

Curriculum Vitae

Farshid Ramezani

Birth: 1980 Married

E-mail: farshid_ramezani59@yahoo.com
f.ramezani@kums.ac.ir

Educations: 2022 – 2024 Fellowship in Anterior segment and Corneal surgery
Farabi Eye Hospital, Tehran, Iran (TUMS)

2010 – 2014 Student in general ophthalmology
Farabi Eye Hospital, Tehran, Iran (TUMS)

1999 – 2006 Medical student
Hamedan University of Medical Science (HUMS)

Professional Activities: Since 2015 Assistant Professor of Ophthalmology
Kermanshah University of Medical Science (KUMS)

Ranks: 7th rank in 62th board examination in ophthalmology (2014)
11th rank in all-over-the country residency entrance exam (2010)

Summary of qualifications:

Fellowship certification in Ant. Seg. and Corneal surgery, TUMS (2024)
Board certification in ophthalmology from TUMS (2014)
Doctoral of Medicine from HUMS (2006)

Memberships & Associations: Iranian Society of Corneal and Refractive Surgery
Kermanshah Society of Ophthalmology
Iranian Society of Ophthalmology
American Academy of Ophthalmology

Papers:

International Journals:

1. **Ramezani F**, Azimi H, Delfanian B, Amanollahi M, Saeidian J, Masoumi A, Farrokhpour H, Khalili Pour E, Khodaparast M. Classification of ocular surface diseases: Deep learning for distinguishing ocular surface squamous neoplasia from pterygium. *Graefes Arch Clin Exp Ophthalmol*. 2025 Aug;263(8):2289-2298.
2. **Ramezani F**, Nazarian M, Rezaei L. Intraocular pressure changes after phacoemulsification in pseudoexfoliation versus healthy eyes. *BMC Ophthalmol*. 2021 May 6;21(1):198.

Iranian Journals:

1. Rajabi MT, Saeedi-Anari G, **Ramezani F**, Tabatabaie SZ, Rajabi MB, Asadi Amoli F. Orbital metastatic osteosarcoma. *Arch Iran Med*. 2015 Feb;18(2):123-6.

Conference Presentation:

1. Intracameral drug injections, Kermanshah University of Medical Science, Drug delivery systems and novel drugs in ophthalmology seminar. (Oct. 2025)
2. Scientific updates in ophthalmology: CXL, Kermanshah University of Medical Science, Periodic Scientific Conference. (July 2025)
3. Post cataract surgical inflammation, Kermanshah University of Medical Science, Cataract surgery seminar. (July 2023)
4. HSV keratitis, Kermanshah University of Medical Science, Periodic Scientific Conference. (Aug. 2022)
5. Updates on diagnosis and treatment of eye diseases : Orbital CT-Scan, Kermanshah University of Medical Science, Periodic Scientific Conference. (Sep. 2019)
6. Congenital Esotropia, Kermanshah University of Medical Science, Periodic Scientific Conference. (Jan. 2019)
7. Serious Neurologic Disease Presenting as Comitant Esotropia, Kermanshah University of Medical Science, Periodic Scientific Conference. (Jan. 2019)
8. Dust impact on eye health, Kermanshah University of Medical Science, Periodic Scientific Conference. (Aug. 2016)
9. Branch Retinal Artery Occlusion, Kermanshah University of Medical Science, 9th Annual Vitreoretinal Congress. (April 2016)
10. Central Retinal Artery Occlusion, Kermanshah University of Medical Science, 9th Annual Vitreoretinal Congress. (April 2016)
11. Special forms of strabismus, Kermanshah University of Medical Science, Periodic Scientific Conference. (March 2015)

Thesis and Research projects:

Development of an AI-based diagnostic system to differentiate ocular surface squamous neoplasia from pterygium using slit photography. (2024): **project executive**. (project is finished).

Investigation of corneal topographic and IOL power changes after pterygium surgery in patients referred to Imam Khomeini hospital of Kermanshah. (2023): **project executive**. (project is finished).

Investigation of ocular refractive errors in children with unilateral congenital nasolacrimal duct obstruction in Kermanshah province. (2021): **project executive**. (project is finished).

Registration of patients with eye trauma in patients referred to Imam Khomeini hospital of Kermanshah. (2019): **project consultant**, (project in progress).

Registration of patients with endophthalmitis admitted in the eye ward of Imam Khomeini hospital of Kermanshah. (2019): **project consultant**, (project in progress).

Intraocular pressure changes after phacoemulsification: a comparison between PXF eyes and normal eyes in Kermanshah province. (2018): **project executive**. (project is finished).

Study of visual changes and choroidal thickness in the Inverted Flap Technique for treatment of macular hole among patients referred to Imam Khomeini hospital of Kermanshah. (2017): **project consultant**. (project is finished).

Computing skills: Microsoft Office, SPSS,

Languages: Persian, English

Interest: Refractive surgery, phacoemulsification, Corneal Transplant
